VOLUME XXXVIII

PARIS, BOURBON COUNTY, KENTUCKY, FRIDAY, NOVEMBER 14, 1919

MAN KILLED BY TRAIN AT CARLISLE.

Add Ginn, an aged farmer of Nicholas county, was struck and killed by the early L. & N. train from Maysville, at Carlisle, Wednesday morning. The accident occurred at the Dorseyville crossing in that city. The train, which runs between Maysville, Paris, Lexington and Louisville, was approaching the passenger station in Carlisle, when the unfortunate man, who was about three hundred yards north of the station, misjudging the speed, attempted to cross to the other side. Ginn was somewhat deaf, and it is thought that he did not hear the warning whistle sounded by the engineer. He was knocked down and instantly killed, his body being badly mangled. When the train, which was in charge of Engineer Tom Rice and Conductor E. R. Thompson, reached Paris, about thirty minutes after the accident, section men and yardmen found a piece of the victim's skull, with a patch of gray hair clinging to it, hanging to the cowcatcher of the engine.

IMPORTANT CHURCH MEETING TO BE HELD TO-DAY.

A meeting of much interest to the members of the Mission Circles and Triangle Clubs of the Christian churches of Paris, North Middletown and Little Rock will be held in the parlors of the Paris church, to-night at seven o'clock. Miss Lola Conner, International Secretary for Mission Circles, and Mrs. W. C. Stanley, the State Secretary, will be present, and will address the members on subjects of vital importance to the cause of missions. Mrs. Louise Campbell, State Secretary of the C. W. B. M., will meet the women of that organization at the same time and place. The members of these societies at North Middletown and Little Rock are cordially invited to be present.

GAME LAWS VINDICATED.

In the past few weeks over seventy-seven conviction for violation of the fish and game laws have been secured by game wardens in the State employ. Of this number five were secured in Bourbon county by County Game Warden Douglas Thomas, Sr.

PALMER SCHOOL RAISES \$118.

The box supper given by the teacher and pupils of the Palmer School netted the sum of \$118, which will be applied to the benefit of the fund for the Kentucky Children's Home, at Louisville. This school, of which Miss Nora E. Hutson is teacher, was apportioned the sum of \$170 for this cause. The remaining \$52 will be raised in the near future.

THESE ARE GOOD PRIZES

Through an arrangement between the Kentucky Tuberculosis Association and the Savings Division, War Loan Organizations of Kentucky, prizes aggregating \$500 in War Savings Stamps have been offered to the pupils of Kentucky for the best essays to be submitted to the Kentucky Tuberculosis Association in the Republic Building before December 15.

The primary purposes of the essays is to be enable the child to formulate a few simple health laws which he may consciously use himself and pass them on to others.

The prizes will be awarded for the best essay written on the following subjects:

Eleventh and Twelfth Grades—"Why Should I Buy Red Cross Christmas Stamps?" First prize \$100, second prize \$70 and third prize \$30.

Ninth and Tenth Grades—"What Does the Modern Health Crusade Mean?" First prize \$50, second prize \$35 and third prize \$15.

Eighth Grade—"If You Have Tuberculosis, How May You Be Cured? How May You Prevent Others From Taking It?" First prize \$50, second prize \$35 and third prize \$15.

Seventh Grade—"Is the Public Health a Necessity or a Luxury?" First prize \$25, second prize \$17.50, third prize \$7.50.

Sixth Grade—"The Life History of the Common House Fly." First prize \$25.00, second prize \$17.50 and third prize \$7.50.

The pupils of all public, private and parochial schools in the State whose academic qualifications place them in the Sixth Grade or above as measured by the State course of study. No essay should contain more than a thousand words.

The county school superintendents shall choose three judges to read all essays submitted in their county. They in turn will submit the essays they choose to three judges named by the Kentucky Tuberculosis Association, who will announce the winner not later than February 1, 1920.

REAL ESTATE TRANSACTIONS

The Paris Real Estate Agency sold yesterday for James Whaley his farm of thirty-seven acres, located on the Fords Mill pike, near Paris, for \$208.25 an acre.

William Kenney Ferguson purchased of Carlisle Wilmoth his two-story brick residence, at the corner of Thirteenth and High streets, for the reported price of \$7,000.

George Faulkner, of near Ruddles Mills, purchased of the Ewell Real Estate Agency, in Boone county, a farm of 125 acres, located near Burlington, for \$15,000. Possession will be given March 1, 1920.

David Butler, of Paris, purchased through Young & Son, real estate agents of Lexington, the Woodward farm of 43 acres and improvements, on the New Liberty pike, for \$18,000. Possession will be given March 1, 1920.

The J. G. Craig farm, containing one hundred acres, located on the Paris and Georgetown pike, was sold Tuesday through Harris & Speakes to J. W. Thomas, of Little Rock, for \$350 an acre, or an aggregate of \$35,000.

Last October, Clay M. Cleveland, who moved from the Ashbrook farm, in this county, to Lexington, sold eighty acres of unimproved land at public auction, in ten-acre tracts, at an average of \$140 per acre. With the advance price and the crop he will net \$10,000 in the deal.

M. Hume Payne purchased recently, through the Harris & Speakes real estate agency of Paris, the Munday farm, located on the Paris and Winchester pike, containing 150 acres, for \$225 per acre, or a total of \$42,750. The farm, which is known as the Bedford farm, adjoins the lands now owned by Mr. Payne in that locality.

The Paris Realty Co. sold this week for Mrs. Margaret Terry Stitt, of Lexington, and Philip Terry, of Boston, Mass., the 2-story residence on Main street, between Twelfth and Thirteenth streets, to W. S. Hughes, who is at present conducting a general merchandise store at Osgood, in this county. Mr. Hughes will move to the property. The same company also leased the R. P. Dow store room on Main street, to the North Middletown Supply Co., who will open up business at once. They will handle seeds, feed, salt and implements.

CHRISTIAN CHURCH DRIVE FOR \$25,000.000

Patriots among the Disciples of Christ, otherwise known as the Christian Church or Christian Brotherhood, have inaugurated a drive for \$25,000,000 to be applied to an extensive plan of practical Americanization. Through the Christian Americanization problems occupying three months has been completed and the original plan to raise \$1,000,000 for the extension of the International Bible College at Minneapolis, Minn., grew into a project to raise the larger sum.

This became necessary when it was decided to equip a chain of educational institutions extending from coast to coast, including a central Americanization university and to begin the process of Americanization with newly arrived immigrants at the principal ports of entry. This in addition to pursuing work among the 40,000,000 persons now in the United States who speak foreign languages.

The Americanization houses in the interior cities will take up the problem of the foreigners now in the slums of the large centers, offering day and night classes of a more advanced nature than those for the newcomers, but developed along the same lines with Christian citizenship as the goal.

It is the aim of the Christian Americanization Association to establish an Americanization club in every Christian Brotherhood church to aid in the campaign.

Rev. A. N. McCallum, of Seattle, Wash., is president of the Association and Judge M. C. Thiff, of Minneapolis, is treasurer. Headquarters have been established at 829-830 Monadnock Building, Chicago, and city, town, county and State organizations are now in process of formation.

ADDRESSES STUDENTS ON "HIGHER EDUCATION"

N. L. Collins, of New Albany, Ind., registrar of the Bryant & Stratton College, who is visiting friends in Lexington, came to Paris, Tuesday afternoon, and addressed the students of the Paris High School in behalf of higher education.

Mr. Collins has a wide reputation in this line of work, and his talks to students are full of good advice and suggestions as to how to make the best of their opportunities in getting a good education. He impressed upon the pupils the importance of hard study and the value of higher education, and gave them to understand that one of the truest maxims in the world to-day is "There is no excellence without labor."

BOURBON CIRCUIT COURT AFFIRMED.

In the suit of R. L. Briggs vs. the L. & N. Railroad, the Court of Appeals, on Tuesday of this week, affirmed the judgment, amounting to about \$13,000.

Briggs was hurt while working for the L. & N. at its freight depot at Paris. He was engaged in loading and unloading freight cars, and a plank from one car door to another, was, by a movement of the train, thrown against him, and he brought suit to recover for the injuries. The jury found for Briggs, and the Court of Appeals, by its decision Tuesday, approved the judgment.

Briggs was represented by Talbott & Whitley, of Paris, and Robt. B. Franklin, of Frankfort.

The grand jury made its first and final report to the Court Tuesday, having been in session only the small portion of two days. It is said to have been the shortest session of any grand jury in the history of the Bourbon Circuit Court. Seven indictments were returned for minor offenses.

The case of McClure vs. McClintock was stricken from the records, having been compromised. McClure, who is Cashier of the First National Bank, of Paris, sued McClintock for alleged libel, securing a verdict in the Circuit Court for \$10,000. This was set aside by the Court of Appeals, and a new trial was ordered.

No business was transacted in the Court yesterday, Judge Stout being called to Frankfort on important business. The sessions of the Court will be resumed this morning.

ARMISTICE DAY VERY QUIETLY OBSERVED HERE.

With the exception of the banquet and reception given by the Bourbon Post American Legion and exercises held at the Paris High School building Tuesday, there was no observance of Armistice Day by a set program. Nearly all the business houses were closed in the afternoon, in response to a published proclamation issued by Mayor January. The banks and schools also observed the day as a half-holiday. There was no demonstration of any kind, but there was an undercurrent of gratitude and joy in remembrance of the significance of the day, and a feeling of sadness in memory of those who had given their lives in defense of human liberty.

At the High School an appropriate program was rendered at ten o'clock Tuesday morning, the pupils joining in singing patriotic songs, and exercises being given by the children in some grades. Miss Reba Lockhart, of the High School faculty, presided, and pleased the audience with a recitation suited to the occasion. Dr. E. E. Snoddy, of Transylvania College, Lexington, made an appropriate address, delighting all who had the pleasure of hearing him. The music was in charge of Miss Ella Blanding.

SCARCITY OF EGGS.

Housekeepers and restaurant people are having the time of their lives in the present egg situation. This delicious and very necessary "fruit," called by many "life-savers" in the present high cost of living, has become very scarce and commanding high prices. One restaurateur told THE NEWS man that he had paid as high as \$1.20 per dozen for two dozen eggs, while another stated that he had paid \$1.00 a dozen for the article. The prices have now dropped to about 75 cents per dozen, and scarce at that.

The scarcity is attributed by dealers and handlers to two facts. The hens are on a strike, and housewives in the country who have an ample supply are packing the eggs away in anticipation of higher prices around the Christmas season. An any rate the eggs are scarce, and when a fellow goes into a restaurant and puts in his order for three eggs the bystanders look up inquiringly, as if to say, "Wonder when that oil magnate came to town!"

STATE BOARD OF HEALTH WARNS AGAINST CERTAIN OLIVE BRANDS.

The State Board of Health as a precautionary measure to prevent poisoning from eating olives, has instructed its inspectors to collect all samples of stock packed by a certain California corporation in response to a telegram from Chief Frost, of the United States Food and Drug Laboratory at Cincinnati. The telegram follows:

"Withhold from sale all brands of ripe olives packed by the Curtis Corporation, Long Beach, Cal. Advise this office of all stocks in the State either by wire or telephone so that samples may be collected for microbiological and other examinations, this being done in view of poisoning cases at Detroit, Mich.; Kenton, O., and additional poisoning cases in other parts of the State of Ohio."

WITH THE LODGES.

The members of the local lodge of Rebekahs held a social session in the Odd Fellows building last night, followed by a supper prepared by the skillful hands of several of the members. The feature of the meeting was the reading of reports of proceedings of the Grand Assembly, held in Lexington some time ago, by Mrs. Ida Snyder and Miss Ollie Chambers, delegates from the Paris Chapter.

FARMERS OF 31 KENTUCKY COUNTIES HOLD MEETING.

Dean Thomas Cooper, of the Experiment Station, Lexington, accompanied by eight or nine extension men, attended a meeting at the Hotel Henry Watterson, Saturday morning at 10 o'clock at which a State Farm Bureau of Kentucky, an association having as its objective the betterment of agricultural conditions in the State, was formed.

Between 200 and 300 farmers, representing 31 counties of Kentucky, were present.

The organization will be non-political, non-sectarian and non-secret. This organization represents what is really the first attempt to organize farmers of Kentucky along this line and is in fact more or less a temporary organization for the purpose of determining the permanent form of the organization. Another is planned in January, at which details of permanent organization will be dealt with more extensively.

C. W. Crenshaw, of Cadiz, was appointed temporary chairman of the organization.

J. R. Howard, of Iowa, one of the leaders of farm organization work in the United States, returned from the Louisville meeting, where he was one of the speakers, with Dean Cooper, and remained with him as his guest two or three days.

FORMER PARIS BOY GOING FURTHER WEST.

In a letter to a Paris chum and school mate, Frank R. Erringer, formerly of Paris, who has been associated with the big wholesale house of Sprague Warner & Co., in Chicago, states he has resigned his position there to take effect January 1, 1920. About February 1, according to present plans, Mr. and Mrs. Erringer expect to leave for California, probably locating at Orland, in the Sacramento Valley, where they will live on a big fruit ranch.

Mr. Erringer has been head of the credit department of the Sprague Warner Co. business for the past twenty-eight years, and will leave their employ with the highest esteem of all with whom he was associated. There is no finer fellow in the world to-day than Frank Erringer, and his host of friends here wish him good luck and prosperity in his new venture.

GAME SEASON OPENS IN COUNTY TO-MORROW.

To-morrow, Saturday, November 15, will be a great day for the hunters of Bourbon county. On that day the nimrods will take to the field with dog and gun after Bob White and the rabbits, which in some neighborhoods are fairly plentiful and in others are scarce, but which always afford good sport.

For the first time since the destructive winter of 1917-18, when so much game perished under the ice and snow, or died of starvation, the birds and rabbits are reported fairly plentiful.

The war, which worked havoc with mankind, proved a boon to the birds and animals of the State which provide the hunter's quarry, as it took away to France thousands of the young men who made up the army of Kentucky sportsmen. With these out of the way the quail have had a chance to recover from the inroads of the disastrous winter. The mild weather last winter was another aid to them, and reports from the State are that considerable game can be found.

The quail season in Kentucky starts November 15 and closes January 1. The rabbit season is the same. There is no limit to the rabbit "bag," but the hunter must not bring down more than twelve quail at one shooting. The duck season started September 16 and will close December 31. Twenty-five is the bag limit. Squirrel may be hunted any year from July 1 to December 16 and jack snipe from September 16 to December 31. The jack snipe limit is twenty-five. The dove season closed October 16.

GOOD PRICES REALIZED AT PUBLIC SALES.

At the public sale of livestock, etc., belonging to J. E. Mason, conducted on the premises on the Bethlehem pike, near Paris, Tuesday, by Auctioneer George D. Speakes, high prices ruled, with the bidding spirited and a good-sized crowd in attendance. Cows sold from \$70 to \$80 per head; calves from \$25 to \$35 per head; three black bulls from \$60 to \$90 per head; sow and pigs, \$51; shoats weighing from eighty-five to one hundred and twenty-five pounds per head, at \$14 to \$22; one pair of mules, \$525; one pair of three-year-old draft mares, \$375; one mare, \$150; \$800 barrels of corn in the shock at \$6.00 per barrel in the field, and baled hay at \$29 to \$32 per ton; farming implements sold well.

At the public sale conducted by Auctioneer Speakes for Eugene Hutson, on the premises near Hutchison good prices were obtained. Sheep brought \$13 per head; brood sows, \$25 to \$35 per head; one lot of small pigs, \$4 each; cows \$70 to \$110.50; one pair mules, \$300.

—WE KNOW NOW—

Any Tailor Can Make Clothes; Only Master Tailors Can Make Our Smart Clothes!

A carpenter can make a piece of furniture that may look well and last a few years. But the furniture that we prize most, the pieces that have been handed down through generations as heirlooms, is the work of cabinet makers—men who knew wood, how to season and work it according to the grain, and how to join it so the joints would hold.

So good clothes are the product of good tailors—our Smart Clothes the product of the best tailors. Every operation, from the shrinking of the woolen to the fastening of the buttons, is the work of an artist in his special field—each doing his bit for the ultimate accomplishment of the perfect whole.

Our Smart Clothes inherit a tradition that has been handed down through generations of the same families working side by side in the shops, and the record of the grandfather is a constant incentive to the son and grandson.

May we explain to you personally the advantage there is in this for you?
